

PASTE·2017

15-18 June, Beijing, China

Poster preparation guide

The poster sessions will take place on **16-18 June** during the coffee breaks between technical sessions. To participate in the poster session, authors must present a poster summarizing the essentials of their project.

- Posters should focus on visual aspects rather than text.
- Posters should reflect technical/scientific contributions and should not be an advertisement for a product or service.
- Posters should be composed of **one large sheet** and should be prepared in **English**.
- All figures and tables must also be properly translated into **English**.

Please bear in mind printed posters must arrive at **Seminar Venue** (Beijing Conference Center) by 15 June and not afterwards. And the poster must be sent to the Editorial Committee when registering onsite on 15 June.

- During the poster session, each author must remain with his/her poster in order to answer questions from the seminar delegates.
- Posters will not be retained after the event. Those authors interested in keeping their posters must pick them up after morning coffee break on Sunday, 18 June.
